

Curriculum Vitae

KHALID ALI FOUDA

Professor of Urology, Consultant Pediatric Urologist,
College of Medicine and King Khalid University Hospital, King Saud University
Dean, College of Medicine King Saud University

PERSONAL DETAILS

Date of Birth	14 October
1964 Nationality	Saudi Arabian
Civil Status	Married with five children

QUALIFICATIONS

1988	M.B.B.S., College of Medicine, King Saud University
1989-1993	Arab Board of General Surgery, King Khalid University Hospital
23 rd November 1993	Fellow of Royal College of Surgeons of Ireland (F.R.C.S.I.)
30 th June 1998	Fellowship in Pediatric Urology, University of Ottawa, Ottawa, Canada

CURRENT POST

1. Dean, College of Medicine, King Saud University
2. Professor of Urology, College of Medicine, King Saud University
3. Consultant pediatric urologist, King Khalid University Hospital, KSU
4. Editor-in-Chief, Urology Annals (www.urologyannals.com)

WORK EXPERIENCE

1. **Rotation Internship**, King Khalid University Hospital, Riyadh, Saudi Arabia (August 1988 - August 1989)
2. **Resident**, Arab Board of General Surgery, King Khalid University Hospital, Riyadh, Saudi Arabia (1 October 1989 - 30 September 1993)
3. **Registrar of Urology** Department of Surgery, King Khalid University Hospital, Riyadh, Saudi Arabia (26 December 1992 – 30 November 1994)
4. **Assistant Pediatric Urologist**, Department of Surgery, King Faisal Specialist Hospital & Research Centre, Riyadh, Saudi Arabia (5 November 1994 - 15 December 1995)
5. **Senior Registrar in Urology**, Department of Surgery, King Khalid University Hospital, Riyadh, Saudi Arabia (16 December 1995 - 30 June 1996)
6. **Appointed as Assistant Professor of Urology**, College of Medicine, King Saud University (6th April 1996)
7. **Clinical Fellowship in Pediatric Urology**, Children's Hospital of Eastern Ontario, University of Ottawa, Canada (1st July 1996 - 30th June 1998)
8. **Consultant Pediatric Urologist**, King Khalid University Hospital, King Saud University (26/9/1998 up to date)
9. **Part-time Consultant Pediatric Urologist**, Security Forces Hospital, Riyadh, Saudi Arabia (1st of November 2000 to 30 November 2005)
10. **Appointed as Associate Professor of Surgery**, College of Medicine, King Saud University (October 2004 – May 2010)
11. **Vice Director of the Medical Education Centre**, College of Medicine, King Saud University (2005 - 2007)
12. **Member, Scientific Council of Urology**, Saudi council for health specialties (2002 -2015)
13. **Director, Pediatric Urology fellowship**, Saudi council for health specialties (2005–2011)
14. **Director, examination committee**, Saudi board of urology, Saudi council for health specialties (2007-2011)
15. **Editor-in-Chief**, Urology Annals, Official publication, Saudi Urological Association (2008 up to date)
16. **Board Member**, Saudi urological association board (2009 -2012)
17. **Appointed as Professor of Urology**, College of Medicine, King Saud University (9th May 2010 – Up to date)
18. **Dean**, Prince Bin Abdul-Aziz College for Emergency Medical Services (1st July 2010 -24 July 2016)
19. **Chairman of the Saudi Board of Urology Scientific committee**, Saudi health Commission (20th February 2011 – 30 December 2015)
20. **Dean**, College of Medicine, King Saud University (24 July 2016 up to date)

AWARD RECEIVED

Awarded the prize "The Resident of the Year" (1992) in the Residency Training program, Department of Surgery, King Khalid University Hospital, King Saud University

CURRENT WORK EXPERIENCE

1. Dean, College of Medicine, King Saud University
2. Professor of Urology, college of medicine, King Saud University with very active teaching, academic, and research schedule
3. Editor-in-Chief "Urology Annals" Official publication of the Saudi Urological Association

SCIENTIFIC SOCIETIES MEMBERSHIP

1. Saudi Urological Association
2. European Society of Pediatric Urology
3. Honorary Member, Saudi Society for Emergency Medical Services
4. Advisory Board Member, Journal of Nature and Science of Medicine (JNSM)
5. Member of Editorial Board, Journal of Pediatric Urology
6. Editor-in-Chief "Urology Annals"

PREVIOUS APPOINTMENTS

1. Course organizer for different academic courses, Department of surgery, College of Medicine, KSU
2. Interns Coordinator, Department of Surgery - College of Medicine, King Saud University from August 1998 – November 2000.
3. Supervisor, Interns Office, College of Medicine, King Saud University 11/2000-11/2001
4. Member, medical education board 2001-2007
5. Associate director of a medical education center for clinical skills training 2002-2007
6. Supervisor, Medical Education center 2005-2007
7. Member, the scientific council of urology, Saudi commission for health specialties 2002-2015
8. Member, examination committee, Saudi board of Urology, 2002-2006
9. Director, examination committee, Saudi board of Urology, 2006-2011
10. Director, Pediatric Urology fellowship, Saudi commission for health specialties, 2005-2011
11. Member; Saudi Urological Association executive board. 2009-2012
12. Chairman, Saudi Board of Urology Scientific committee, Saudi health Commission. 2011-2015

13. Member, Saudi Commission for the health specialties executive council. 2011-2015
14. Dean, Prince Sultan Bin Abdulaziz College for Emergency Medical Services. 2010-2016

FORMER BOARD COMMITTEES

1. The Excellence Committee at the Faculty of Medicine, King Saud University
2. Committee of the Medical file system - King Khalid University Hospital
3. Planning Committee - Department of Surgery - Faculty of Medicine
4. University Students Course Committee - Department of Surgery - Faculty of Medicine - King Saud University
5. Member of the Board of Directors of the Medical Education Center - Faculty of Medicine - King Saud University
6. Director of Clinical Skills Training Committee, Faculty of Medicine, King Saud University
7. Member of the Central Committee for Medical Curricula - Faculty of Medicine - King Saud University
8. Member of the requirements committee for the new curriculum - Faculty of Medicine - King Saud University
9. Member of the Central Committee for Training Health Professions - King Saud University
10. Member of the Committee for the development of admission of students in health colleges - King Saud University
11. Member of the Board of Saudi Board of Urology - Saudi Commission for Health Specialties
12. Member of the Accreditation Committee - Department of Surgery - Faculty of Medicine - King Saud University
13. Member of the Executive Council of the Saudi Commission for Health Specialties
14. Member of the Board of the College of Prince Sultan bin Abdul Aziz for Emergency Medical Services - King Saud University
15. Member of the Committee dealing with emergency cases - King Saud University
16. Member of the Board of Deans of Health Colleges - King Saud University
17. Chairman of the Strategic Planning Committee at Prince Sultan Bin Abdulaziz College for Emergency Medical Services - King Saud University
18. Chairman of the Employment Committee at Prince Sultan Bin Abdulaziz College for Emergency Medical Services - King Saud University
19. Chairman of the Steering Committee at Prince Sultan Bin Abdulaziz College for Emergency Medical Services - King Saud University
20. Member of the Central Committee for accepting students of health colleges - King Saud

University

21. Chairman of the Supervisory Committee for Private Health Colleges - Saudi Ministry of Higher Education

CURRENT BOARD COMMITTEES

1. Member of the King Saud University Council
2. Chairman of the Faculty of Medicine - King Saud University
3. Member of the Central Committee for the salaries and allowances of non-Saudi faculty members - King Saud University
4. Member of the Executive Council of Medical City - King Saud University
5. Member of the Board of Surgery Department - Faculty of Medicine - King Saud University
6. Member of the Permanent Committee for Housing - King Saud University
7. Member of the Board of the Medical City - King Saud University
8. Chairman of the Board of the Higher Committee for Academic Accreditation - Faculty of Medicine - King Saud University
9. Member of the Board of Deans of medical colleges in the Kingdom of Saudi Arabia
10. Member of the Saudi Health Council
11. Chairman of the Executive Committee for Projects - Faculty of Medicine - King Saud University

PREVIOUS ACADEMIC ACTIVITIES IN MEDICAL EDUCATION

I was involved in the medical education center since it was started in 2001. I was a member of the medical education board for 6 years, and the associate director of the center for skills training, during which I took the responsibility to establish the current state of art clinical skills facility in the college of medicine, King Saud University.

From 2005 I was the vice director of the medical education center, where I took the responsibility to prepare for the new medical curriculum in the college of medicine. Different tasks were accomplished (staff development, personal needs of the new curriculum, the physical requirement of the new curriculum) the new curriculum started in 2008.

During this period I took the responsibility to promote medical education as a specialty to prepare in establishing the medical education department, we encouraged our colleagues in scholarship to obtain medical education degrees, and we found an agreement with the medical education center in Dundee for the staff to have a diploma in medical education.

ESTABLISHING PRINCE SULTAN BIN ABDULAZIZ COLLEGE FOR EMERGENCY SERVICES (PSCEMS)

- The establishment of an integrated strategic plan for the college approved by the University Agency for Development in line with the University Plan 2030
- Attracting distinguished teaching staff based on academic and research qualifications, to pursue continuous excellence in all relevant aspects. And also strive for excellence in academic skills
- To develop the college curriculum to be compatible with the American Accreditation Authority and the National Accreditation Authority. It won the praise of all specialists thanks to God
- Equipping the temporary college building, which includes the administrative wing, training laboratories, interactive lecture halls, faculty offices, student affairs and activities
- The regularity of the educational and academic environment in the faculty and activation of the departments of the faculty, and academic and administrative units
- Establishment of various college units in the areas of development, quality, e-learning, student affairs, registration, personnel, procurement, finance, public relations, administrative communication
- Regularity and training of an integrated administrative and technical staff for the administration of the college laboratories and supervision of a field training
- Supervising the establishment of three Deanship Committees for the College (Vice Dean for Development and Quality, Vice Dean for Academic Affairs, Vice Dean for Graduate Studies and Scientific Research) and four academic departments (Emergency Services, Basic Sciences, Accidents and Injuries, and the Maritime Ambulance)
- Formulating a cooperation agreement between the Prince Sultan Bin Abdul Aziz College for Emergency Medical Services and the Saudi Red Crescent, which was signed between the President of King Saud University and His Royal Highness President of the Saudi Red Crescent Authority.
Medical emergency
- Planning the academic accreditation of the College of the American Association for the adoption of emergency medical services programs and the National Commission for Academic Accreditation
- The visit of some members of the American Association of Accreditation to the College to obtain academic accreditation from the American Accreditation Authority for the teaching of emergency medical services
- Supervising the establishment of the Life Support Training Unit, which was approved by the American Heart Association as a specialized center for the implementation of first aid courses and CPR
- Facilitate the process of cooperation and agreement between the Deanship of the preparatory year and the College of Prince Sultan Emergency Medical Services to establish a training center for students of the preparatory year, new first aid and CPR courses
- Supervise the process of interaction with universities and internationally recognized faculty members and arrange visits to identified faculty members such as Stanford University

- Facilitate the recruitment of Saudi faculty and graduates from the United States and graduates of King Saud University, and facilitate the preparation of graduates to fill the position of lecturer and lecturer in the college
- Supervising the holding of two international conferences in the context of teaching emergency medical services and research to improve curricula as well as the perception of trends in emergency medical research

PREVIOUS ACTIVITIES IN THE SAUDI COMMISSION FOR HEALTH SPECIALITIES

1. Member of the Saudi Council for Urology 2002-2015
2. Director of the Saudi Fellowship for Urology in Children 2005-2010
3. Director of the exams committee of the Saudi Council for Urology Surgery 2006-2010
4. Director of the Saudi Council for Urology Surgery 2010-2014
5. I also had the honor of founding the Saudi Association of Pediatric Urologists in 2005, the first Saudi program for a subspecialty in Urology, and is now gaining a good reputation, thank God
6. Member of the Urology Examination Committee 2002-2006 and contribution to the idea of introducing the OSCE exam in the final clinical examination, which was the first of its kind in the Saudi Commission for Health Specialities
7. Head of the Committee for the preparation of the program of Urology for children and announced it as the first fellowship program as a subspecialty in Urology
8. Chair of the Council's Examinations Committee 2006-2010
9. Member of the committee responsible for restructuring committees and committees and supervising the authority of examination committees
10. A member of the Committee to prepare the study to increase the ability of all programs in the Council, which approved by the Executive Board and it had been started working on it. One of the goals was to open training centers outside Saudi Arabia. One of which was King Hussein Medical City in Amman and the Urology Council approved it
11. Chairman of the Scientific Council of Urology Surgery 2010-2014
12. Member of the executive board of the Saudi Commission for Health Benefits 2010-2014

CURRENT ACTIVITIES IN THE SAUDI UROLOGICAL ASSOCIATION

- Besides being an active member of the Urology Society of Saudi Arabia, I was the founder and Editor-in-chief of Urology Annals Journal, the official publication of the Urology Society of Saudi Arabia. Currently, we are in the tenth year and have been indexed at PubMed seven years ago
- Former Member of the Board of Directors of the Association of Urology Saudi Arabia 2009-2012

GRANT RESEARCH ACTIVITY

In addition to continuing our line of research, especially in the field of conservative management of patients with neurological bladder, I have a study supported by King Abdul Aziz University entitled "Management of comprehensive endoscopes for patients with the neurological bladder." We also started a new line in the search for patients quality of life who adopted a new protocol of treatment, especially the patients we began with them intermittent catheterization

ACHEIVMENTS IN THE COLLOEGE OF MEDICEINE 2016-2018

I was honored by the Deanship of Medicine College 2016-2018 and supervised with a distinguished group of colleagues the following results:

- Starting the use of the new building, and the use of all units by adding 30 thousand m² to the construction of the Faculty of Medicine
- A comprehensive review of the curriculum of the Faculty of Medicine by the competencies of medical education in Saudi Arabia
- A project of teaching students of clinical skills from the first year of college
- Start an electronic exam system
- Developing the student guidance system
- Renewal of academic accreditation for the College 2018-2025
- Create a new strategic plan for the college after the separation from the Medical City
- Establishment of an information office for the college
- Establishment of Alumni Unit
- Approval of the Master of Medical Education
- Obtaining Canadian institutional accreditation from the Royal Canadian College
- Restructuring and governance of the Center for Higher Studies
- Initiation of the digital transformation project of the Graduate Center
- Restructuring and governing the units, chairs, and centers of scientific research at the college
- A research support agreement from Dallah Al-Baraka Group
- Research agreement with King Abdullah University of Science and Technology
- The establishment of the scientific journal of the College of Medicine "JNSM"
- The establishment of a committee to review the affairs of faculty members and their needs, and then a unit was established to support faculty members and demonstrators
- Conduct a comprehensive review of the status of all demonstrators and sponsored students
- Establishment of an executive team to oversee the new Strategic Plan projects

ABSTRACT & LECTURES PRESENTED

1. "Abdominal Trauma" - Presented at the Symposium on Polytrauma held in Al-Qassim, Saudi Arabia, January 1994.
2. "Urothelial Bladder Augmentation" – Presented at the 9th Saudi Urology Conference, Jeddah, Saudi Arabia, November 1995.
3. "Management of Posterior Urethral Rupture in Boys" – Presented at the 9th Saudi Urology Conference, Jeddah, Saudi Arabia, November 1995.
4. "Bladder Neck Reconstruction in Bladder Exstrophy" – Presented at the 9th Saudi Urology Conference, Jeddah, Saudi Arabia, November 1995.
5. "Presentation of Posterior Urethral Valves in Saudi Arabia" – Presented at 12th Saudi Urology

- Conference, Taif, Saudi Arabia, February 1999.
6. “Variability of Significance of Nuclear Medicine Cystogram” - Presented at 12th Saudi Urology Conference, Taif, Saudi Arabia, February 1999.
 7. “Endoscopic correction of complicated vesicoureteric reflux in children” – Presented at 14th Saudi Urology Conference, Dhahran, Saudi Arabia, February 2001.
 8. “Extravesical ureteric reimplantation in children: Preliminary Experience from KKHU” – Presented at 14th Saudi Urology Conference, Dhahran, Saudi Arabia, February 2001.
 9. “Outcome of ureteropelvic obstruction in the first year of life” – Presented at 14th Saudi Urology Conference, Dhahran, Saudi Arabia, February 2001.
 10. “Non-intubated versus intubated pyeloplasty in children: The KKHU experience” – Presented at 14th Saudi Urology Conference, Dhahran, Saudi Arabia, February 2001. and the First Department of Surgery Annual Research Conference, King Khalid University Hospital, Riyadh, Saudi Arabia, April 2001.
 11. “Botulinum-A Toxin: Solo treatment for neuropathic noncompliant bladder” presented in joint ICCS & ESPU meeting, Antalya, September 2006
 12. “Minimally invasive surgery in Pediatric Urology” 20th Saudi Urology Conference, Al-Khobar, 2008
 13. “Can Perioperative Tolterodine Enhance the Success Rate of Endoscopic Treatment Of Primary Vesicoureteric Reflux? A Prospective Randomized Study” VUR course, Uppsala, 2008
 14. “Total endoscopic management and anal irrigation management (TEAM approach) of children with non- compliant neuropathic bladder: A preliminary report” VUR course, Uppsala, 2008
 15. “Recent advances in the management of the wet child” 21st Saudi Urology Conference, Tabouk, 2008 and the 6th Annual Pediatric Urology Update Course, Riyadh, 2009
 16. Minimally invasive approach for patients with neuropathic bladder. 21st meeting of the European society of pediatric urology, Antalya, April 2010

SYMPOSIA AND COURSES ORGANIZATION

I had the honor of presiding over the following courses and seminars:

- First Saudi Session on the latest developments in Urology in Children, Riyadh, April 2001
- The Second Saudi Urology Course in Children, Al-Ahsa, 2002
- Management of water intake of pre-natal kidneys, Saudi Society of Urology, AlKhobar 2000
- The 19th Saudi Conference of Urology, Riyadh, 2007
- The first Saudi session in the use of simple surgical intervention, Riyadh 2009

FORMER MEMBER OF THE SCIENTIFIC COMMITTEE FOR THE FOLLOWING COURSES

- The 2nd Saudi Session on the Latest Developments in Urology in Children, Hofuf, January 2002
- 8th Conference of the Arab Association of Pediatric Surgeons and the International Symposium and Workshops on Pediatric Surgery, Armed Forces Hospital, Riyadh
- Third Saudi Session on the latest developments in pediatric urology, Al-Qasim, January 2003
- The 16th Saudi Urology Conference, King Faisal Specialist Hospital and Research Center, Riyadh, April 2004
- King Saud University's First Conference on Medical Education, Faculty of Medicine, October 2003
- Sixth Saudi Session on the latest developments in pediatric urology, King Fahad Medical City, Riyadh
- The first Saudi session on the use of simple surgical intervention in pediatric urology, Riyadh, January 2010
- Second Saudi session on the use of simple surgical intervention in pediatric urology, Riyadh, January 2011
